

Conference first announcement:

October 25 - 29, 2010 – Valencia, Spain

This Conference, which is divided into part 1 Workshops and part 2 Scientific sessions, is organised on behalf of the International Society of Food Engineering (ISFE), a member of IUFOST (International Union of Food Science and Technology) in collaboration with the Institute of Food Engineering for Development (Polytechnical University of Valencia) and the Institute of Agrochemistry and Food Technology (CSIC).

Topics to be covered include:

Part 1.- Workshops (25-26 October):

- Management for food innovation
- Policies for financial support to food innovation
- Universities, research institutes and food companies
- Education and food innovation
- Innovation in Europe
- Case studies (successful applications in food companies)

Part 2.- Scientific sessions (27-29 October):

- Nanotechnology
- Packaging
- Product and process design
- Food control
- Biotechnology
- Ohmic technologies
- Active ingredients, food matrix and metabolism
- Security and safety
- Sustainability
- Food chain management

Please note that deadline for abstracts submission is April 30, 2010
